

STATISTICS  
OF  
10135  
27/75  
THE STATE OF QUEENSLAND

FOR THE YEAR

1968-69

(1968)

PART A— POPULATION AND  
VITAL

Issued under Instructions from the Right Honourable the Treasurer by

J. P. O'NEILL,

Acting Commonwealth Statistician

Compiled by

A. W. MUMME,

Deputy Commonwealth Statistician and Government Statistician

WATSON FERGUSON AND COMPANY  
BRISBANE

## FOREWORD

The *Statistics of Queensland* is issued in eight separate Parts, each dealing with a section of statistics. The Parts are:

- A —Population and Vital
- Bi —Rural Production
- Bii—Manufactures, Building, and Minerals
- C —Trade, Transport, and Communication
- D —Finance
- E —Local Government
- F —Law, Crime, etc.
- G —Social

The statistics given in these Parts may be read in conjunction with the *Queensland Year Book* which contains comments on the State's statistics.

For the latest figures in the principal statistical series, the reader should refer to other publications of the Bureau, particularly the *Monthly Summary of Queensland Statistics*, and Press Bulletins on special subjects, copies of which may be had on request.

My thanks are tendered to the many State and Commonwealth Government Departments, Local Authorities, private business firms and individuals, farmers and graziers, and others who supplied the basic data required.

A. W. MUMME  
*Deputy Commonwealth Statistician  
and Government Statistician*

*Bureau of Census and Statistics,  
Queensland Office,  
Brisbane*

## NOTE

## STATISTICAL DIVISIONS

In this Part, births and deaths have been shown by *Statistical Divisions*. The Statistical Divisions are groups of Local Authority Areas. Their grouping and details for each area are shown in Tables 36 and 37.

The Brisbane Statistical Division has been delineated to incorporate all the urban development about the capital expected in the next two or three decades. As itemised in Table 37, it incorporates parts of the Shires surrounding the central urban area and this has meant a consequent reduction in the extent of the Moreton Statistical Division. Hence figures for this Division are not comparable with those for years prior to 1966.

In this table, also, the City of Brisbane, because of its unusually large size and population as a single Local Authority, has been subdivided into Statistical Areas which are separately itemised and grouped into Suburban Divisions.

The maps show the Local Authorities and Statistical Divisions for which individual details are shown in the tabula-

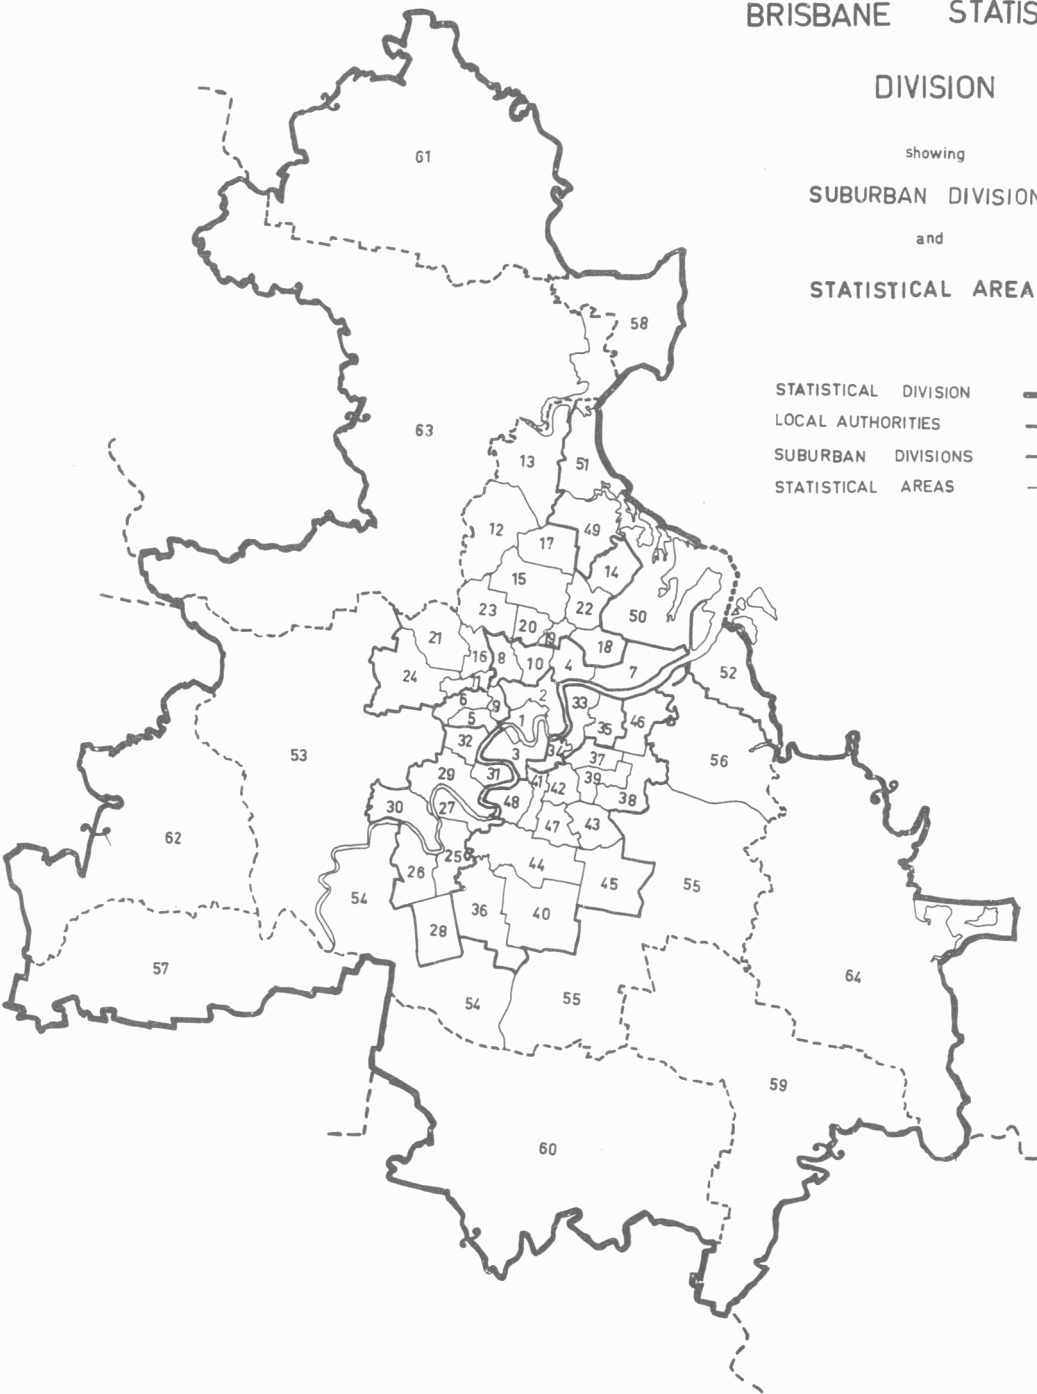

tions. The light broken lines mark the principal railways and serve as indicators of geographical position only.

### 3. DIVORCES

NOTE. In this section, dissolutions of marriage include divorce decrees made absolute, nullities of marriage, and judicial separations. The *Matrimonial Causes Act* 1959, establishing uniform grounds throughout the whole of the Commonwealth, came into force on 1 February 1961.

Particulars of the total number of matrimonial petitions lodged, and how they were dealt with by the Courts, may be found in Part F, page 10.

<sup>1</sup>Based on the Eighth Revision (1965) of the International Statistical Classification, according to the disease for which the patient was admitted. <sup>2</sup>The number of deaths in hospitals is not comparable with deaths of residents as shown in Table 32, since hospitals show deaths according to the disease for which treatment was received and not the cause of death.

<sup>1</sup>Based on the Eighth Revision (1965) of the International Statistical Classification, according to the disease for which the patient was admitted. <sup>2</sup>The number of deaths in hospitals is not comparable with deaths of residents as shown in Table 32, since hospitals show deaths according to the disease for which treatment was received and not the cause of death.
